

# HK718 80mm Receipt Printer

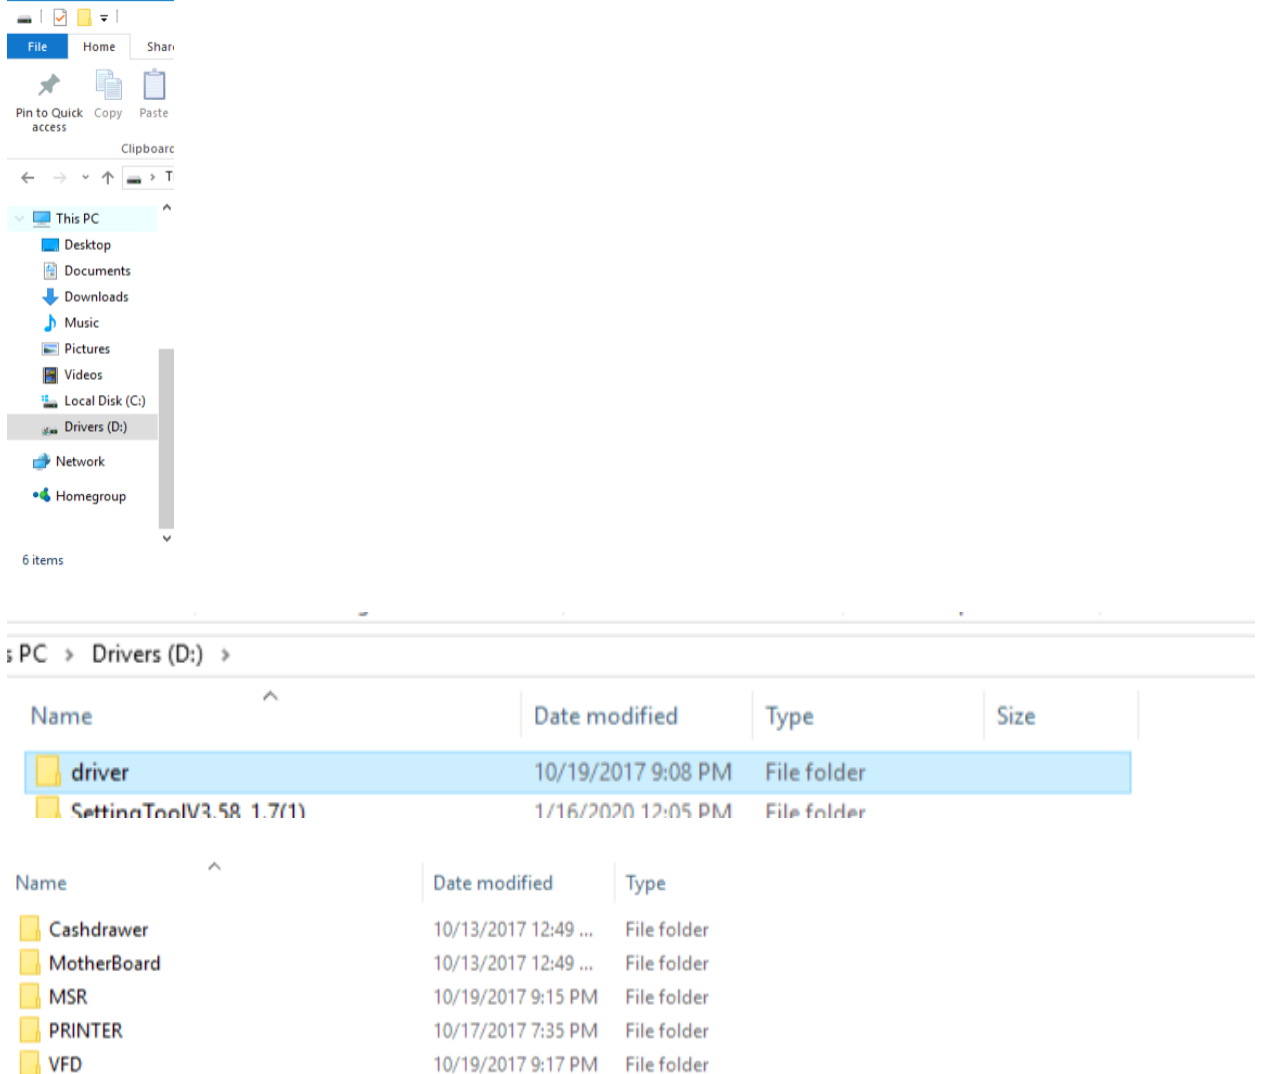

If you have questions about the installation of the printer please contact support at 563-556-3556.

## Installing the print driver for the 80mm printer

1. Open the **File Explorer**.

2. Browse to the **Drivers(D:)** folder. Then open **Driver > Printer > 80mm** folders.

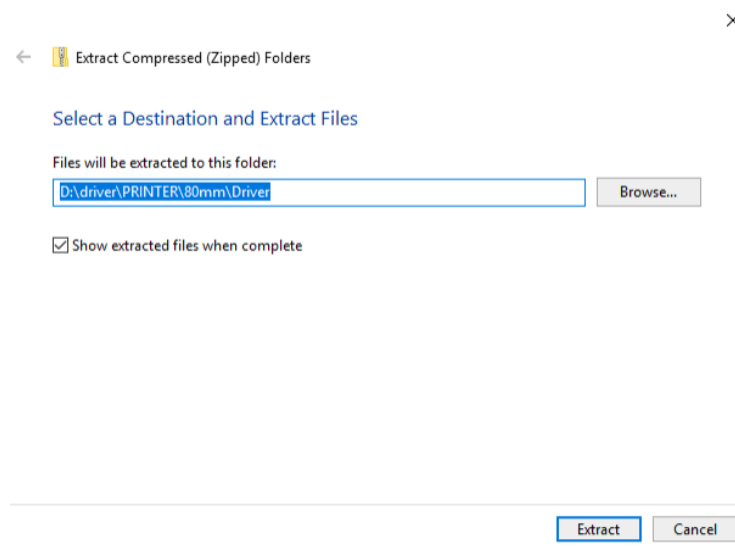

PC > Drivers (D:) > driver > PRINTER >

| Name | Date modified      | Type        |
|------|--------------------|-------------|
| 58mm | 10/17/2017 7:35 PM | File folder |
| 80mm | 4/30/2018 11:52 AM | File folder |

3. Select the **Driver** zip file and click **Extract all**.

4. Click Extract

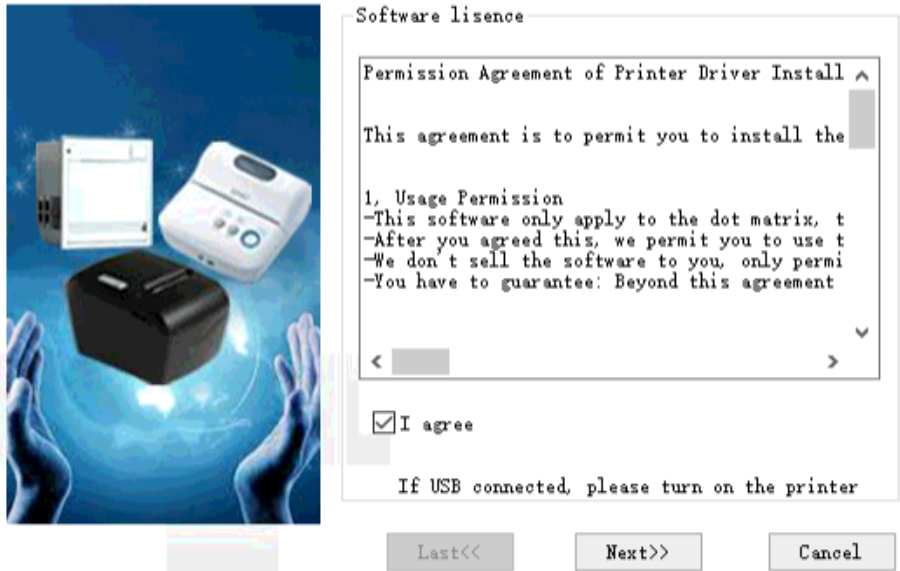

5. Double click on **SP-DRV2142Win8**

| Name           | Date modified      | Type        | Size   |
|----------------|--------------------|-------------|--------|
| SP-DRV2142Win8 | 7/29/2014 11:37 AM | Application | 332 KB |

6. Check **I agree** and then click **Next>>**

Printer Driver Setup

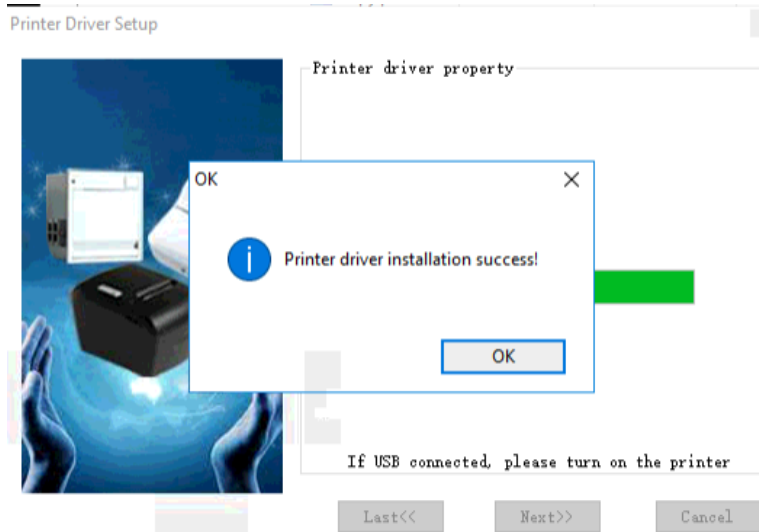

7. Make sure **80 Series** and **Default** are selected and also make sure the printer is turned on and then click **Next>>**.

Printer Driver Setup

8. Once the printer is installed you should get a success message. Click **OK**

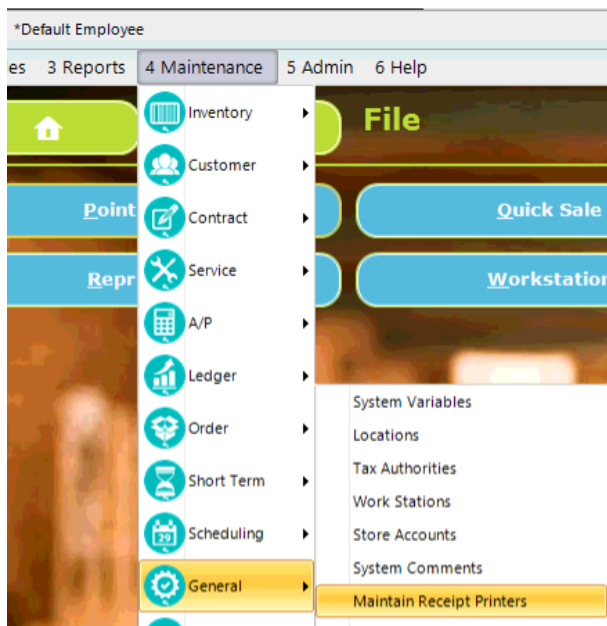

9. The printer is now installed.

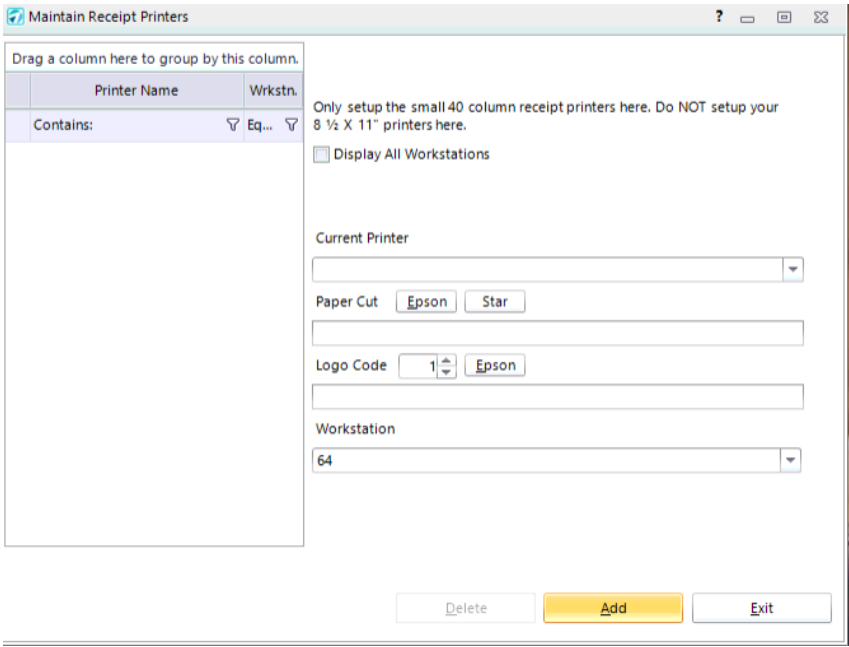

## AIM v12 Setup

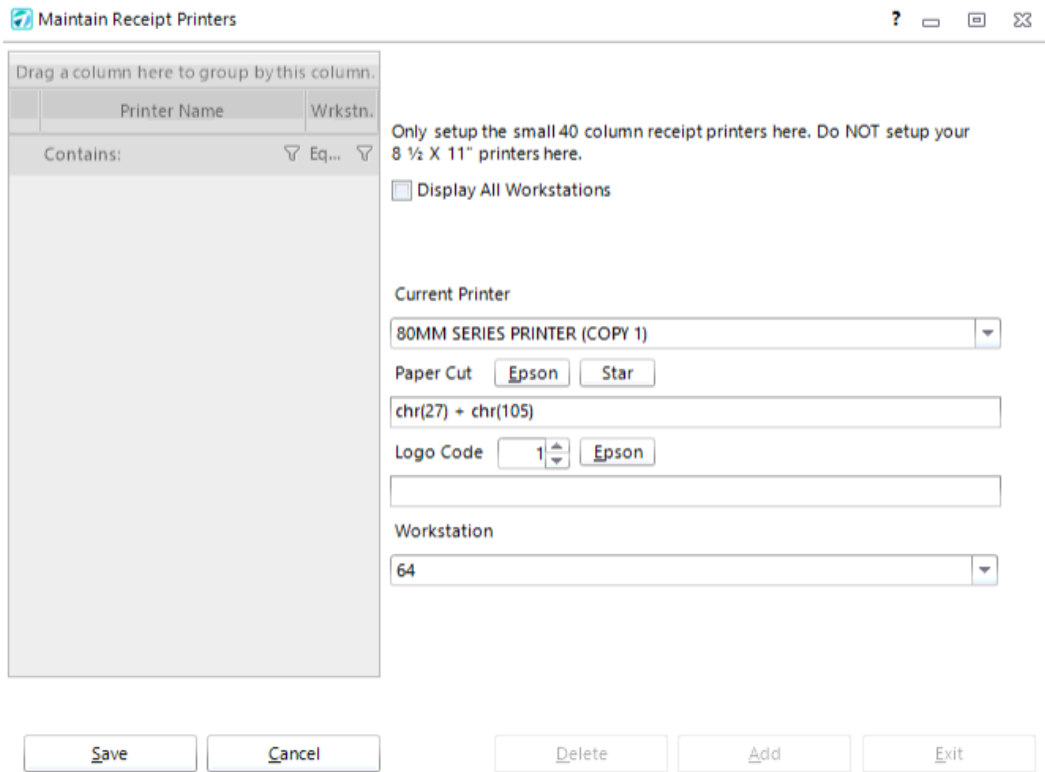

1. Open AIM
2. In AIM Go to **Maintenance > General > Maintain Receipt Printers**

3. Click **Add**

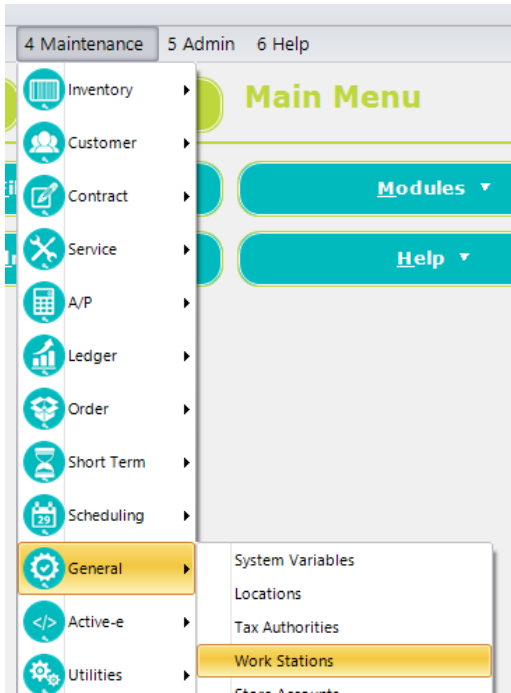

4. Find the **80mm Series Printer** from the drop down list under **Current Printer**.  
**Paper Cut:** Click the Epson button for Paper Cut.  
**Logo Code:** To use a Logo Code you must upload an image to the receipt printer.  
**Workstation:** This field should auto fill with your workstation number.

Click **Save** when you are done adding the printer.

5. Setup the work station temp folder under **Maintenance > General > Work Stations > Communications > Temp Folder**

The recommended location is the local drive c drive. Example **c:\temp**

Email Method: PDF Attachment

Mail Server:

Sender Email:

User Name:

Password:

Out. Mail Port: 587

Temp Folder: c:\temp

Enable SSL

Internet Check

6. Verify the local temp folder is setup on the computer. If it is not found then right click and select New Folder.

7. You can test a receipt by going into **File > Reprint Last (Shift+Alt+I)** or by creating a new sales invoice.
